

This table is a supplement to the Texas Medicaid Fee Schedule for Ambulatory Surgical Center (ASC)/hospital-based ASC (HASC) providers and contains the group rate amounts by locality code. To find the ASC/HASC Medicaid rate for a specific procedure code, first locate that specific procedure code in the Fee Schedule and find the applicable group number. Next, locate that group number across the top of the table and go down the rows until you find the facility's locality code. The rate at the intersection of that group number and the facility's locality code is the Medicaid rate for that specific procedure code. If you do not know the facility's locality code, use the locality descriptions from the first column of the table or call TMHP's Contact Center at 1-800-925-9126. If the procedure code is not listed in the fee schedule, contact TMHP's Contact Center for further assistance.

Change Ind: Indicator denoting that the Fee Schedule row has been updated since the last run. 'C' for change; blank for no changes.
