Texas Medicaid Fee Schedule Information
HOSPITAL OUTPATIENT IMAGING SERVICES

This fee schedule is to be used by Hospital facilities to obtain rates for Outpatient Imaging Services. For detailed benefits and limitations, providers should refer to the current year's Texas Medicaid Provider Procedures Manual and relevant issues of the Texas Medicaid Bulletin. All other Hospital rates should be accessed through the Contracted Rate Search, via the provider's secure account on tmhp.com.

Field Descriptions

TOS: One-character type-of-service (TOS) code assigned to each procedure code for system administration.

TOS Desc: Description of the TOS.

Proc Code: The five-digit code for services and items defined in Current Procedure Terminology or the Healthcare Common Procedure Coding System.

Client Age

Frm: The “from age” is the beginning of an age range, if it is required for determining pricing. Some procedure codes have more than one pricing row. If the first row has a 0-999 age range, and the second row has a 21-999 age range, then the client age range for the first row (0-999) is actually 0-20 years of age. If the first row has a 0-999 age range and the second row has a 0-20 age range, then the client age range for the first row (0-999) is actually 21-999 years of age. Refer to the Texas Medicaid Provider Procedures Manual (TMPPM) for the exact age limitations.

Thru: The “through age” is the end of an age range, if it is required for determining pricing. Some procedure codes have more than one pricing row. If the first row has a 0-999 age range, and the second row has a 21-999 age range, then the client age range for the first row (0-999) is actually 0-20 years of age. If the first row has a 0-999 age range and the second row has a 0-20 age range, then the client age range for the first row (0-999) is actually 21-999 years of age. Refer to the TMPPM for exact age limitations.

Client Age Units: Medicaid rates are based on the client’s age in days, months or years.

Adjust %: A percentage reduction has been applied to the allowed fee for this service. This column shows the percent by which the fee was adjusted for Urban and Rural Outpatient Hospitals. Additional information about rate changes is available on the TMHP website at www.tmhp.com/pages/topics/rates.aspx.

Urban Hospital Outpatient Rate: The Medicaid allowed amount for Urban Hospitals.

Urban Hospital Outpatient Effective Date: The effective date of service for which the fee is payable for Urban Hospitals.

Urban Hospital Adjusted Fee for Report: A percentage reduction has been applied to the allowed fee for this service for Urban Hospitals. This column does not show reductions that may have been applied using other criteria that include but are not limited to place of service, client type program, or provider specialty. Additional information about rate changes is available on the TMHP website at www.tmhp.com.

Rural Hospital Outpatient Rate: The Medicaid allowed amount for Rural Hospitals.

Rural Hospital Outpatient Effective Date: The effective date of service for which the fee is payable for Rural Hospitals.

Rural Hospital Adjusted Fee for Report : A percentage reduction has been applied to the allowed fee for this service for Rural Hospitals. This column does not show reductions that may have been applied using other criteria that include but are not limited to place of service, client type program, or provider specialty. Additional information about rate changes is available on the TMHP website at www.tmhp.com.

Note Codes: Note code indicator. Providers should review each note code to identify specific payment explanation or limitation. See Note Codes worksheet for applicable payment explanation or limitation.

Last Pricing Review Date: Medicaid rates are reviewed every two years or as necessary. This column shows the date on which the most recent review was conducted.

Change Ind: Indicator denoting that the Fee Schedule row has been added/updated since the last run. 'C' for change; blank for no changes.
